About Us

Yohome Door is a professional door manufacturer integrating R&D, production, and sales. The company focuses on the overseas project market, providing international standard door solutions for hotels, apartments, high-end villas, as well as public buildings such as schools and hospitals. With extensive project experience and reliable quality, we have obtained fire door certifications for major global markets, striving to become a trusted partner in interational engineering projects.

Professional Fire Door Manufacturer in China

Completed 200,000 projects

Strength Integrated Industry & Trade Source Factory

Serving construction projects in over 100 countries

Over 20 years of manufacturing experience

Producing over 60,000 units annually

广东优家门业有限公司
Guangdong Yohome Door Co., LTD

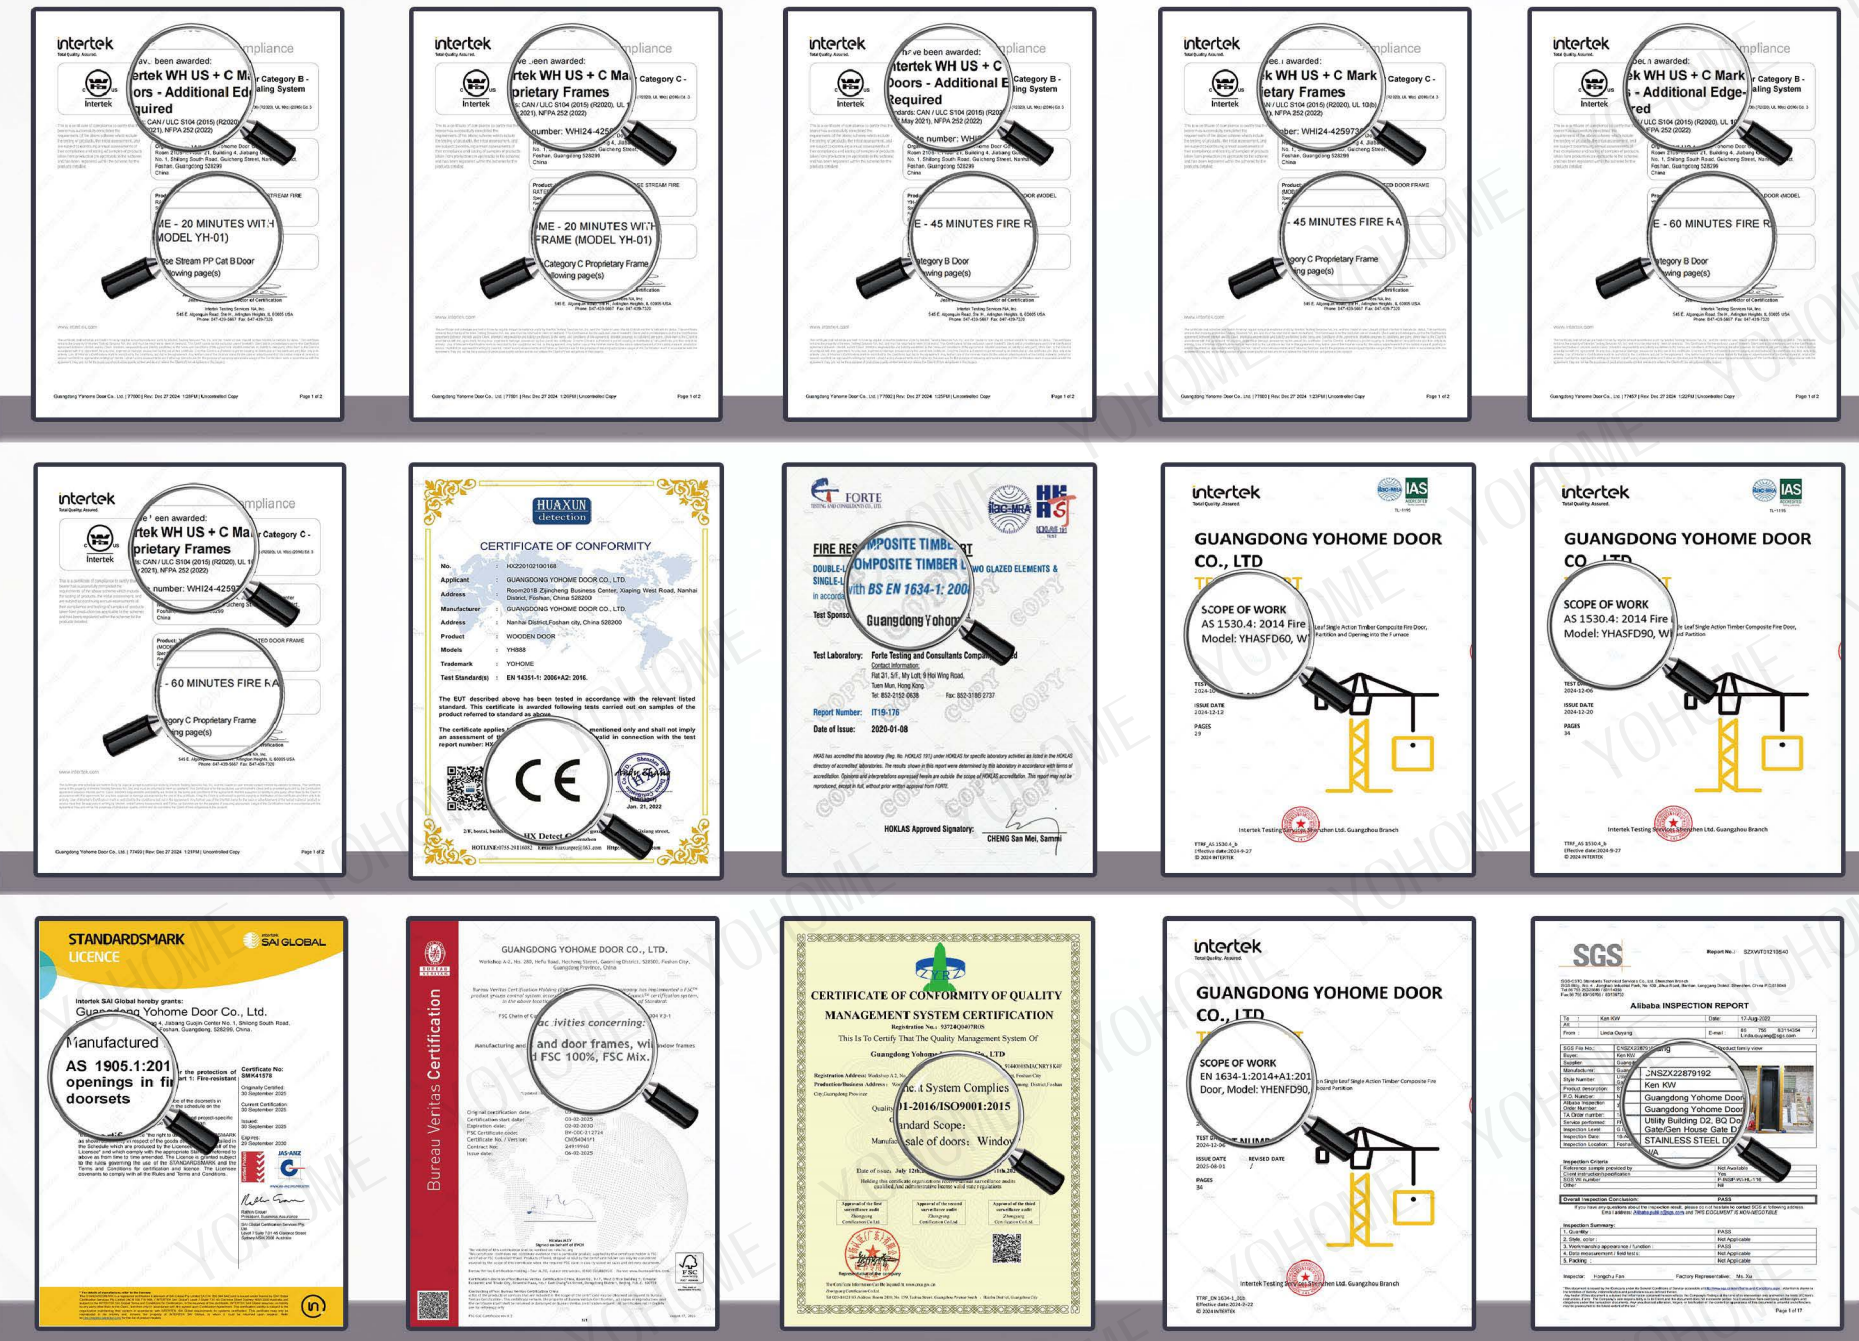

20+
Years

Customized Engineering Project Experience

One-Stop Customized Engineering Solutions

END-TO-END PROCESS FLOW

01

Inquiry & Initial Consultation

- Client submits specifications
- Preliminary feasibility analysis

02

Detailed Requirement Finalization

- Material selection (e.g., wood/aluminum/stainless steel)
- Design customization & 3D rendering

03

Design Confirmation & Quotation

- Sign-off on technical drawings
- Binding contract with pricing

04

Deposit Payment & Production Scheduling

- Secured payment initiation
- Factory manufacturing timeline

08

Final Handover & After-Service

- Client acceptance signing
- Warranty activation (e.g., 5-year)

07

On-site Installation Supervision

- Local technician dispatch
- Construction progress tracking

06

International Logistics & Customs

- FOB/CIF shipping coordination
- Export documentation handling

05

Pre-shipment Quality Inspection

- Material/workmanship verification
- Client inspection report (optional)

Lockset/Hinge	65

Product Advantages

Six Core Technologies ■ Create Safety and Comfort

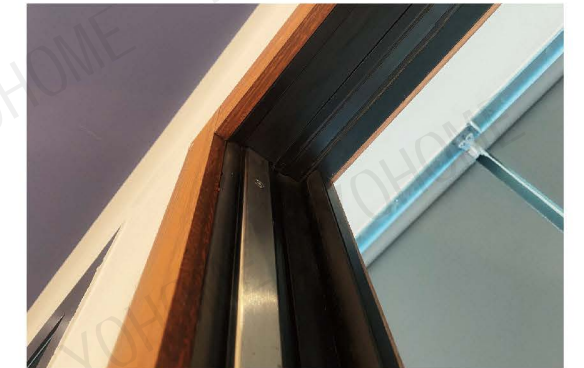

01 Anti-theft

Smart lock plus multi-point lock system boosts anti-theft performance and delivers higher structural stability.

02 Anti-collision

Dense casting structure and optimized thickness/structural design deliver stronger impact resistance.

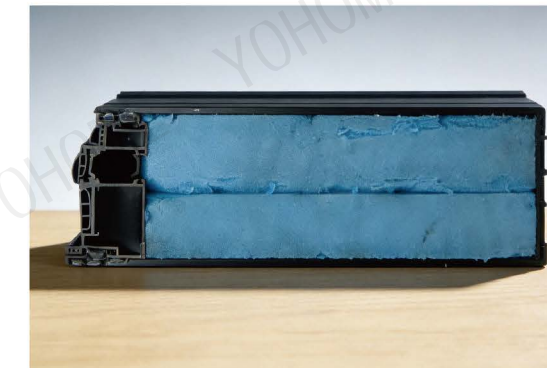

03 Weatherproof

Together with sealant, sealing strips and other accessories, a full sealing system effectively keeps out wind and rain.

04 Sound insulation

Polyurethane Foam + Sealing Strips: Sound Absorption & Vibration Reduction.

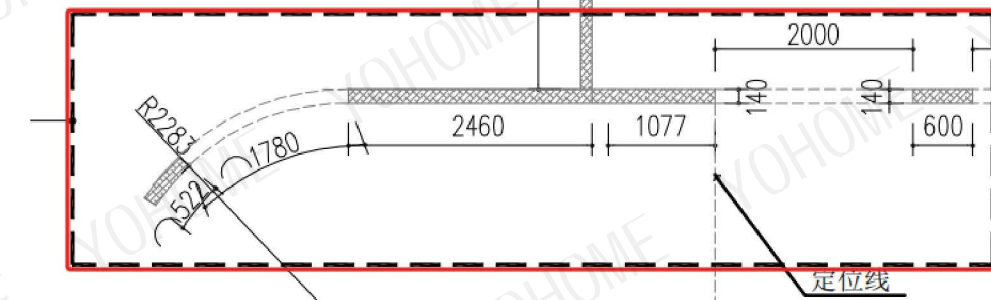

05 Thermal Insulation

Cast aluminum's low thermal conductivity and insulation-filled structure cut down direct indoor-outdoor heat transfer effectively.

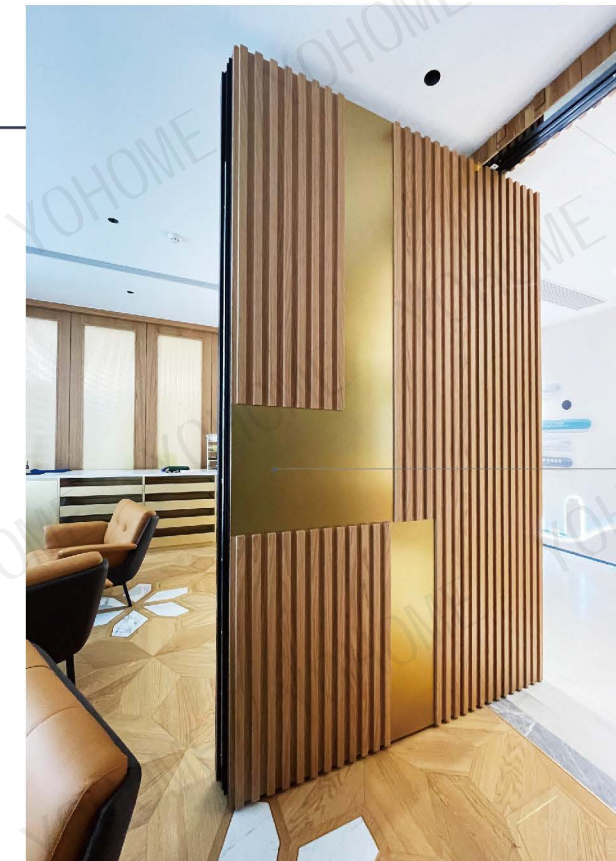

06 Anti-aging

Surface fluorocarbon spraying creates a dense, UV-resistant and corrosion-resistant protective layer.

Bending, Curved Door Leaf

Product Model
EAD-01

Color: White Oak Mountain Grain Sealed Finish
Material: Aluminum Sheet + Wood Veneer
Process: Cast Aluminum Molding + Wood Veneer Finish
Dimension: 2000*2990mm

high-end custom hardware

Motor Integrated Lock

Dimension 60x68/75x68mm
Material Stainless Steel
Description Gear Structure - Labor-saving, Quiet & Energy-efficient

Product Model
EAD-02

Color: Travertine Finish
Material: Aluminum Sheet + Wood Veneer
Process: Cast Aluminum + Bending Process
Dimension: 1790*2995mm

Entry Door Cast Aluminum Door Series

Product Model
EAD-03

Color: Natural Black Walnut Mountain Grain

Material: Aluminum Sheet + Wood Veneer

Process: Cast Aluminum Molding + Wood Veneer Finish

Dimension: 1524*2440mm
